CHOIR/BAND DRESS CONTRACT

Storing – I will store my dress at home on a hanger during the school year, not balled up in my locker, in my car or under my bed.

Hemming—I am responsible to hem my dress. I may temporarily alter the dress slightly if needed. I will NOT cut any part of the dress.
Dresses may not be hemmed with tape, duct tape, staples, bobby pins or safety pins or the like. Any altering should be done so that it can be undone for someone else.

Washing—I will wash my dress in cool water, gentle cycle. If I must put it in the dryer, I will use very low heat. *It is best if you do not put it in the dryer. The dresses dry nicely & quickly on a hanger.*

Ironing—if you hang your dress to dry, you should not need to iron it. Also, if you take it out of the dryer right away, it should be OK. If I must use an iron, I will use extremely low heat. *Irons leave permanent marks on the fabric if the heat is too high.*

Return—When requested, I will return my dress in good condition, on a hanger, after it has been washed.

Thanks and Happy Singing!!
